Review proposed changes to Zoning Ordinance No. 144 (now 155)

The meeting was called as a Workshop to review proposed Zoning Ordinance 155. No agenda was provided and no other business was discussed.

The new ordinance was reviewed page-by-page. Chairman Hanson recorded all comments in an electronic file (markup of a file provided by the Zoning Committee/Council) which will be provided to all members. Mr. Cornez also retained comments on a second computer as a back-up.

It was agreed the session would adjourn at approximately 9:00 P.M.

Approximately 25% of the Ordinance was reviewed prior to adjournment.

It was agreed we would reconvene the Workshop meeting on Monday, December 7, 2009 at 6:00 P.M.

The official record of these Workshop meetings will be a final markup of the draft Ordinance provided to Council.

The meeting was adjourned at 9:00.
