If the accident results in the injury or death of any person or property damages to the estimated amount of \$100 or more, the operator must report the matter in writing within seven days to the DCNR, Bureau of Forestry, P.O. Box 8552, Harrisburg, PA 17105. It is a violation of the Snowmobile/ATV Law to not report the accident to the DCNR.

ENFORCEMENT

All law enforcement officers in the state, including local and state police, are authorized to enforce the Snowmobile/ATV Law. Municipal and state police have enforcement authority on private land.

NON-RESIDENT REGISTRATION

To legally operate a snowmobile in Pennsylvania that is registered in another state where Pennsylvania's registration is NOT honored, the snowmobile must also be registered in Pennsylvania. The owner will receive two registration decals, two expiration stickers and a registration card. Pennsylvania's registration number decals need not be displayed if the home state registration number and validation decals are properly visible, but the Pennsylvania expiration stickers must be displayed on both sides of the covering next to the home state registration and the registration card must be carried by the operator. Proof of liability insurance is also required.

All snowmobiles operating in Pennsylvania must be equipped with a brake system capable of bringing the snowmobile to a stop, under normal conditions, within 40 feet when traveling at 20 miles per hour, and a muffler in good working order. The sound intensity produced by a snowmobile may not exceed 78dba, or decibels.

All snowmobiles operated during hours of darkness or when visibility is less than 500 feet must have a lighted headlight and taillight. The headlight must produce a white light sufficient to reveal persons and vehicles at a distance of 100 feet. SUMMARY OF PENNSYLVANIA'S SNOWMOBILE LAW

INTRODUCTION

Pennsylvania's many miles of snowmobile trails provide opportunities to enjoy the beautiful forests in their winter splendor.

This pamphlet summarizes the snowmobile requirements of state law and regulations. The state law is known as the Snowmobile and All-Terrain Vehicle Law and is contained in Chapter 77 of the PA Vehicle Code. The state regulations are in Title 17 Pa. Code Chapter 51. This pamphlet is not intended to be a substitute for the actual law and regulations.

In addition to state law and regulations, Snowmobile riding on municipal and private property may be further regulated by municipal ordinance.

REGISTRATION

Pennsylvania residents owning and intending to use their snowmobile in Pennsylvania must be registered with the Department of Conservation and Natural Resources (DCNR), Snowmobile/ATV Registration Section.

GENERAL REGISTRATION

This registration permits the sled to be operated off the owner's or operator's private property. The registration fee is \$20 for two years. The owner is provided with two black and white registration decals, two expiration stickers and a certificate of registration wallet card.

LIMITED REGISTRATION

This registration is for sleds used exclusively on the property of the owner. There is no fee and the registration does not expire. The owner is provided with two registration decals and a card, but no expiration stickers.

VINTAGE SNOWMOBILE PERMIT

Every permit shall, at all times while the vehicle is being operated, be in the possession of the person driving or in control of the vehicle or carried in the vehicle and shall be exhibited on demand of a police officer or authorized department employee.

Definitions:

- (1) It is open to the public and publicized as such.
- (2) It takes place on a specified date or dates and within a specified start and end time.

Applications for registration of snowmobiles are available from DCNR's Snowmobile/ATV Registration Section. The snowmobile registration application form must be completed and sent to the DCNR, Snowmobile/ATV Registration Section, P.O. Box 8553, Harrisburg, PA 17105-8553, along with the required fee and sales tax statement. Registration applications are also available from: snowmobile dealers, Forest Districts and State Park offices or on the web at www.dcnr.state.pa.us/snowmobile.

Exempt from these registration requirements are snowmobiles owned by non-residents covered by a valid registrations in their state, province or country that honors Pennsylvania's registration.

Temporary registrations are available from registered snowmobile dealers.

TITLES

All snowmobiles in Pennsylvania must have a title issued by DCNR. The cost of a title is \$22.50. The only exceptions to this requirement are those snowmobiles registered with the Department prior to October 23, 2001. These snowmobiles do not require a title until they are transferred to a new owner.

REGISTRATION NUMBERS

The five-digit registration number containing a combination of numbers and letters is printed on an adhesive backed decal, which measures three inches in height and four inches in width. These permanent registration decals are to be attached to each side of the snowmobile's cowling forward of the handlebars, or on the outside of each trailing edge of the windshield. These decals remain with the snowmobile if it is sold or transferred to a different owner.

Hand-painted registration numbers are not permitted in place of the Department-issued decals.

General Registration requires a valid expiration sticker to be attached to the RIGHT of both permanent registration decals.

Upon transfer, destruction or theft of a snowmobile, the reverse side of the certificate of registration must be properly filled out in the spaces provided, signed by the owner and returned to DCNR's Snowmobile/ATV Registration Section.

State and local highways and roads may be designated and posted for snowmobiles by the government authority with jurisdiction over the road. Township roads designated for snowmobiles are posted with a green sign containing the side view silhouette of a snowmobile and rider in white.

Some roads may be designated and posted as joint-use roads open to both snowmobiles and licensed motor vehicles. Joint-use roads are posted with signs stating that both types of vehicles may use the road. Snowmobile operators on joint-use roads must be at least 16 years of age.

Municipal ordinances may further regulate the use of snowmobiles on roads within their jurisdiction.
